

EYFS LEARNING IN PSHE KNOWLEDGE ORGANISER

Overview

Personal, Social and Health Education

- In PSHE, we learn about how to live happy, healthy and confident lives.
- There are three core areas of PSHE: Health and Wellbeing, Relationships and Living in the Wider World.
- PSHE is also taught in many other subjects, for example in learning about religions, (RE) e-safety (Computing) or being healthy (PE).

In EYFS, PSHE learning takes place in the 'Personal, Social and Emotional Development', Physical Development and 'Understanding the World' learning areas.

Physical Development

Healthy Living Sub-Area: Health and Self-Care

- It is important to stay healthy so that we feel good, and we can live long and happy lives.
- One way to stay fit and healthy is to eat healthy foods, for example fruit (e.g. apples, grapes, strawberries) and vegetables (e.g. carrots, lettuce, sweetcorn)
- Another way to stay fit and healthy is to exercise, e.g. running, playing sports, cycling or swimming.
- It is also important to make sure that we get enough sleep (10-12 hours for 4-5 year olds) and that we are hygienic (see below).

Safety Sub-Area: Health and Self-Care

- Safety is about protecting ourselves from danger or harm.
- It is important that we always think about the risks of the things that we do. We should take action to make the risks smaller, if we can. We should avoid things if they are too risky.
