Chronology

Amber

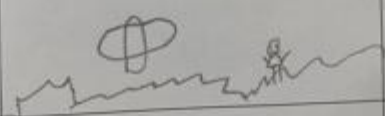

We sequenced the events of the Wright Brothers first flight in 1903 using historical evidence and sources

Sequence	Illustration	Sources and Evidence
The first flight took place on 17 December 1903 and was made by the Wright Brothers.		Diaries letter
Conditions were windy, and a beach was chosen for its sand dunes to make soft landings.		Notes Photo
Orville piloted the first flight, it flew for 12 seconds and travelled 120 feet (about 36 meters)		Video newspaper
Then the brothers took it in turns to fly the plane.		Photo Notes
Wilbur flew the longest flight of the day that lasted 59 seconds and went 260 metres.		Letters
The Wrights Brothers documented their work carefully with photographs and written notes.		video
At first people didn't believe them, but later their invention recognised as a		Letters photos videos

SCHOOL PRAYER

Dear God,
Thank you for our school community,
For our friends and family
And those who help us to Nurture, Progress and Excel.
Bless our school.
Help us all to follow your ways,
Be kind to others and to always do our best,
So that we may have life in all its fullness.
Amen

HAVE A GREAT WEEKEND!
